

FCEA  
PRESENTS

# SALLY COUSINS EVENTING CLINIC

AUGUST 17, 2014  
KELSET FARM  
453 TOWNSHIP LINE RD, ELVERSON, PA

Join FCEA for a clinic with International 3-day Event Rider, Sally Cousins. Sally moved through the upper levels of eventing in her teens and by the age of 20 was competing at the highest levels of competition in the world. She recently came home with an 18th place finish at Rolex CCI\*\*\*\* with her TB mare Tsunami III and has been ranked among the top 10 riders on the USEA Leaderboard and the Leading Lady Rider for USEA for the past 6 years.

Sally's training method includes a strong emphasis on safety, confidence and competence. She strongly believes that competence and confidence go hand in hand and one is no good without the other. She works with riders to develop confidence and deal with nerves. She works with riders to feel and recognize when things are going wrong and deal with it before it gets worse. She also helps a horse and rider determine which level is appropriate for competition. She understands the external factors that come into play at an event and will help you to determine the margin of error needed to successfully complete each level. For more information on Sally visit her website at [www.sallycousins.com](http://www.sallycousins.com).

Kelset Farm is a private eventing facility including an outdoor arena and several XC jumps, including a banks and ditches for all levels.
